

Little Learners

4-6 Week Preschool Program

Complete Teacher & Homeschool Guide

AGES 2 - 6

Welcome to the Program!

Six joyful weeks of early learning

This guide is your week-by-week curriculum for the Little Learners program. Over 6 weeks (about 30 short, playful days) your child will explore colors, shapes, the first 10 letters, numbers to 10, family and community, healthy foods, feelings, and animals. Use it in a preschool classroom, a daycare, or right at your kitchen table.

Designed for ages 2-6 - classroom or homeschool

Print-and-Play

No prep needed.
Just print and follow.

30 Minutes a Day

Short, joyful
sessions that fit any
schedule.

Builds Real Skills

Letters, numbers,
colors, and life skills.

How This Program Works

A simple flow you can follow

Week 1

Colors & Shapes

Week 2

Letters B-E

Week 3

Numbers 1-5

Week 4

Letters F-J

Week 5

My World

Week 6

Animals & Nature

Move at your child's pace. If a day takes longer, take two. If your child loves a theme, linger and explore more. The program is a guide — not a race.

Step-by-Step Implementation

Be ready in under an hour

1

Print the Master Supply List

Gather the everyday essentials on page 6. Most are already in your home.

2

Start with Week 1

Print the Little Learners pack (worksheets) and the Week 1 daily plans.

3

Set Up Your Space

A small table, a chair, and a basket of crayons is all you need.

4

Plan ~30 Minutes a Day

Same time each day works best — mid-morning is the sweet spot.

5

Follow the Daily Flow

Each day: Circle Time, Activity, Song & Movement, Wind-Down.

6

Track Progress Weekly

Use the Weekly Progress Tracker at the back of this guide.

7

Adapt for Your Learner

Age tips inside every plan — easy for 2-3, extend for 5-6.

8

Celebrate the Finish

Use the Certificate of Completion to mark the big day!

Program at a Glance

★ Set Up Your Learning Space ★

It doesn't need to be fancy

Reward Chart

A Simple Learning Corner

Small table & chair

Child-height; doesn't need to be new.

A basket of supplies

Crayons, scissors, glue, paper - all in one spot.

Good light

Natural light if possible, otherwise a desk lamp.

Wall space

For the reward chart and weekly art.

A calm energy

Phones away, music low or off, full attention.

Most of all: keep it inviting. A learning corner that feels good is one your child will want to return to every day.
